

**HEDNO's Announcement  
on the suspension of receiving requests  
for the connection of small wind generators  
in the Interconnected Network**

**20.12.2013**

In view of the issuance of the Ministerial Decision referring to the Approval of the Special Program on small wind generators foreseen by the relevant enabling regulation of the recent Law 4203/2013, HEDNO informs the interested parties that the reception of requests is postponed for the connection of small wind generators (with capacity up to 50kW) in the Interconnected Network until the issuance of the above mentioned Ministerial Decision which will define specific terms, limitations and conditions relative to the program mentioned above.
