

COMMUNICATION

It is with great grief that HEDNO communicates the tragic accident that occurred at approximately 19:00 yesterday, Saturday, June 11th, in the area of Nea Makri, resulting in the death of a member of HEDNO's staff.

The accident happened during the process of a fault repair of a Low Voltage consumer supply cable.

The Company has already launched investigation of the cause of the fatal accident, while a Dedicated Committee will also be set up immediately in order to run a complete analysis of the circumstances that led to the tragic accident.

Both the HEDNO Management and staff would like to extend their deepest condolences and sincere sympathy to the family, to which the Company will provide any and all support possible.
