

## PRESS RELEASE

Today's publications of electronic press are products of fiction mentioning that for the project awarded to INTRAKAT S.A. under all legal procedures, HEDNO supervising Engineers are using PORSCHE CAYENNE type vehicles provided by the Company in question.

The truth is that these vehicles are not of PORSCHE CAYENNE type but three (3) SEAT IBIZA type vehicles, 1.400 cc, provided by INTRAKAT S.A. according to its contractual obligation for the needs of the Project.

The ethics of journalism imposes that information must be checked before its publication, a fact that obviously didn't happen in the specific case, exposing irreparably the authors of the specific text.

**Athens, 31<sup>st</sup> of May 2013**

**From the Press Office**

HEDNO is a 100% subsidiary of PPC S.A. and the Operator of the Hellenic Electricity Distribution Network.
