

PRESS RELEASE

Clarifications about the power supply failure on the island of Hydra

Following the information provided for the public about the total power supply failure on the island of Hydra, yesterday, Sunday 26 July 2018, HEDNO would like to clarify that generators have been sent to restore, as fast as possible, the electrification of the island, and that every possible effort shall be made to restore the fault in the morning by connecting the generators.

HEDNO would like to apologize once again for the inconvenience caused to the consumers and assure them that it makes all possible efforts to reduce such inconvenience.
